

Swinefleet Primary School

Fulfilling potential, rewarding success

At Swinefleet Primary School, we aim to provide a positive learning experience for every individual and we take pride in the fact that our pupils are nurtured in a safe, enjoyable, respectful learning environment because everyone in our school matters.

School Aims

A school where everyone feels valued and respected

A place with a warm, happy, calm, safe atmosphere where everyone enjoys learning and working together

A school, which has learning and teaching at the heart of everything that it does

An ethos which celebrates achievement and recognizes success

A place which has consistent high expectations for all and where academic achievement is not the only measure of success

The Outcomes for our Children should be:

- *Children that are confident and highly motivated with a good self image who are fully involved in the life of the school*
- *Children who think positively, who say, "I can..."*

- Children who behave well and who tolerate, care and support each other
- Children who can think for themselves, who are open minded and have a love of learning and show initiative
- Lessons which take account of individual learning styles
- Children who achieve to the best of their ability and fulfill their own potential
- Children's views represented in the organization of the school

Ethos

Our Ethos, Curriculum, Working Practices and Environment should achieve these aims because:

- Our ethos will value all children as individuals, raising self esteem whenever we can and creating a positive atmosphere through our interactions with the children and each other
- Our curriculum will be broad, balanced and creative with many opportunities for first-hand experience. Teaching will take account of learning styles and all abilities. SATS will be important but so will the development of the whole child through the arts, and subjects such as PSHE, and striving to be a healthy school. We will try to teach the children life-skills to equip them for tomorrow's world.
- We will be a performing and effective team who support each other and work for the positive development of our children. We will be open, honest and supportive of each other, setting positive examples to the children.
- Our environment will be attractive, calm, ordered, safe and stimulating. It will celebrate the achievements of the children and stimulate and support their learning. It will look bright, colourful and make an impact.
- We will develop positive relationships with parents and wider community especially as the school is at the heart of the village.

Fulfilling potential, rewarding success
